All of our Deadly Grounds branded 15oz coffee mugs are Zombie Proof - guaranteed to fend off a Zombie attack (up to 7 zombies at one time). Of course if you have two mugs and you strike at both temples at once the active Zombie will be permanently deleted and will no longer pose a threat. Our 11oz Deadly Ground Mugs are Zombie "resistant". While they will provide you with some level of protection they are not guaranteed to prevent or survive a Zombie attack.
